

Schedule **WORKSHOP CIMATRON E**

What's new CIMATRON E24 & E16 Thursday 23.11.2023 14.00 -15.00

CIMATRON NEW FEATURES Thursday 23.11.2023, 15.00 – 16.00

CIMATRON E set-up and optimisation -Licenses, Parameters, Postprocessors, Data Interface

CAD –Thursday

23.11.2023, 16.00 -18.00

CIMATRON Modeling
Assembly, Drafting
Mold Design,
Stamping Dies Design
(progressive tools)
Split procedures

CAM – Friday

24.11.2023, 9.00 -14.00

NC Automation
Machining Strategies
CAM template management
Cutting tool and parametrs -3D
import
Drill in rough – predrill defined in
roughing procedure
Tool design
Electrode design & EDM SET-Up,
new way to progra, machines
Machining
Using Volumill to optimize
machining procedures
Collision check
